

NutraLife AI™

How can I update the NutraLife AI™ App?

How can I update the NutraLife AI™ App?

There are two different ways to update the NutraLife AI™ app: **OTA (over-the-air) through the App or through the Store.**

- **To apply the OTA update through the App**

1. Open the NutraLife AI App.
2. When the information box appears to invite you to update the App, just click on the **“UPDATE”** button, if visible.

The upload will start in-App.

- **To update the app through the Store**

1. Open the NutraLife AI App.
2. When the information box appears to invite you to update the App, just select the **Store** option to be redirected to the **Apple Store** or **Google Play Store** to download the updated App.

Please note:

- For **Huawei** device users, please download the new version of the App [here](#). Once you have this new version, the OTA feature will apply to future updates.
- Upon completion of the download you will be able to login or browse the App. If you have any problems downloading the update, please contact our Support Team.
